ACADEMIC CREDENTIALS

Bachelor of Technology in Computer Engineering (2022 –2025)
Marwadi University, Rajkot, Gujarat
Current Semester: 7.66 C.G.P.A

Diploma in Computer Engineering (2019 – 2022)
A.V. Parekh Technical Institute, Rajkot
C.G.P.A : 7.76

EXPERIENCE

Software Engineer (Trainee → Full-Time)
Wings Tech Solutions Pvt. Ltd, Rajkot
June 2025 – Present

- Completed structured training in **ReactJS and NodeJS** (June 2025 – September 2025).
- Transitioned into **full-time Software Engineer** role from October 2025.
- Built reusable UI components using **React.js, Bootstrap, and Material-UI**.
- Integrated **REST APIs** and implemented **JWT-based authentication**.
- Worked on **live projects** during full-time employment.
- Used **Git/GitHub** for version control and team collaboration.

PROJECTS

FinTech Web Application *(Full-Time Project)*
- Working on a secure FinTech platform using the MERN stack with authentication and protected APIs.
- Building scalable UI components and integrating backend services.
  Tech: React, Node.js, Express, MongoDB, JWT

USLegal Enterprise System *(Full-Time Project)*
- Contributing to an enterprise legal platform for US clients with frontend and backend modules.
- Developed features using AngularJS, Vue.js, PHP, and SQL.
  Tech: AngularJS, Vue.js, PHP, SQL

TaskFlow – Task Management System *(Training Project)*
- Developed a task and project management system with role-based access and Kanban-style task board.
- Implemented REST APIs, file uploads, notifications, and dashboard insights.
  Tech: React, Node.js, Express, MySQL, JWT

Marketplace Web Application (OLX-Like) *(Training Project)*
- Built a full-stack marketplace with user authentication, product listings, search, and messaging features.
- Implemented admin controls, role-based access, and optimized MongoDB queries.
  Tech: React, Node.js, Express, MongoDB, JWT

CAREER OBJECTIVE

Software Engineer with hands-on experience in MERN stack applications and enterprise projects. Passionate about building scalable, secure, and user-focused web solutions.

TECHNICAL SKILLS

- **Frontend Development:** React.js, Vue.js, AngularJS, Bootstrap , Tailwind CSS
- **Backend Development:** Node.js, Express
- **Database Management:** MongoDB, SQL
- **Authentication:** JWT (JSON Web Tokens)
- **Version Control:** Git , Github
- **API Integration:** RESTful APIs

SOFT SKILLS

- Collaboration and Communication
- Teamwork
- Problem Solving
- Time Management
- Adaptability

CO-CURRICULAR ACTIVITIES

- College Games Organizer Volunteer, Marwadi University Fest

INTEREST / HOBBIES

- Listening to music.
- Reading books

CERTIFICATIONS

Database Programming with SQL
- Certified in Database Programming with SQL, covering database creation, data manipulation, querying, and integrity management.

React.js Essential Training
- Certified for completing a React.js course, covering modern syntax, component creation, React Hooks, and testing with Create React App.

HackNUthon 5.0
- Participated in a hackathon showcasing problem-solving, teamwork, and innovation.
